

Product description

Suitable for surface mounting in aluminium or wood doors and windows.

Overview of Advantages

- Suitable for surface mounting in aluminium or wood doors and windows.

Scope of delivery

- Recessed reed contact

Note

- NOC / bridging protection

Technical data

Max. contact rating	30 V DC
Min. contact rating	1,5 V DC
Max. sensing distance	10 mm
Max. switching interval	10 mm
Class of protection	IP 67
Length	60 mm
VdS class	Class B
VdS-approval	G191552
Width	9 mm
Height	11 mm
Mounting	Flat reed contact
Color	White (similar to RAL 9010)
Material housing	plastic
Connection cable length	6 m
Number of wires	4 wire

Article number 030201.17----00
