

Mechanical multi- point lock

329X700PZ

Product description

Mechanical multi-point lock 329X is primarily used where a door needs to be secured using a 20 mm bolt throw and additional bolts (multi-point lock) for insurance reasons.

Scope of delivery

- 1 x mechanical multi-point lock
- 1 operating manual

Note

- 329X Model Series locks feature a continuous follower and thus require front door furniture (inside: handle or panic push bar; outside: knob or push bar).
