

### Product description

Suitable for mortise fitting in aluminium or wood doors and windows.

### Technical data

Max. contact rating	6 W
Input operating voltage	max. 40 VDC
Max. switching current	max. 0.5 A; observe the max. contact loading capacity!
Contact type	Normal open
Max. switching interval	16 mm
VdS class	Class B
Class of protection	IP 67
Dimension	Ø 8 x 31 mm
Connection cable length	6 m
Number of wires	4 wire
Color	White
Material housing	plastic
Operating temperature range	-40 °C to +70 °C

Article number	10211-6-----10
