

Product description

Model with recovery diode for access control systems. Door strike can be adjusted in the striking plate, thus making installation work easier.

Overview of Advantages

- The universal strike in a solid design
- Suitable for all common striking plates
- Can be combined with striking plates with latch bolt guide (standard) without FaFix®
- Due to 180° fitting, can be used DIN right and left

Note

- Order code for version DIN right = 1405AF

Technical data

Adjustable electric strike (F, Fix®)	Yes
Diode (05)	Yes
Fail-locked	Yes
Break-in resistance	6500 N
Height	90 mm
Width	20 mm
Depth	28 mm
Operating temperature range	-15 °C to +40 °C
Installation position	Vertical and horizontal
Material housing	Zinc die-cast
Latch material	Steel

Variants that can be ordered

Order number	Description
1405F-----E31	Without striking plate, 12 V DC electric unlocking
1405F-----F31	Without striking plate, 24 V DC electric unlocking
