

# Maintenance spray VZ05

Synthetic grease spray

## Product description

- Developed especially for Mechatronic locking cylinders: synthetic maintenance spray
- Good greasing effect
- A high wear-protection
- Content in each can: 400 ml

## Scope of delivery

- 1 maintenance spray can (unit=1)

## Note

- ASSA ABLOY recommends treatment of mechatronic VERSIO@CLIQ locking cylinders with IKON maintenance spray VZ03/VZ05 after 5000 locking cycles, but at least twice a year

## Ordering Information

- Hazardous good: maintenance spray is a hazardous good due to its bottling with aerosol as propellant and can therefore not be shipped with other goods in a shared outer packaging. Each shipped item receives the labeling UN 1950. Subsequently shipping cannot be processed via air freight or express.
